

Castle Bravo stands at new Mitchell Clark Stables, Danville, KY

Mitchell Clark Stables, located on 45 acres of Kentucky Bluegrass near Danville, is an enterprise designed for the American Saddlebred. The land has been devoted to the breed since 1947.

In their new, all-encompassing 400-foot facility, owners and trainers Mitchell and Vicky Clark supervise the breeding, boarding,

60-day colt evaluation program meets industry's needs.

Castle Bravo (CH Skywatch x Yorkshire Pudding)

training, showing and selling of show horses.

Mitchell, the grandson of master showman and legendary trainer Garland Bradshaw, learned his lesson well from his mentor and has presented many championship horses to the rings of America, including the great four-time World's Five-Gaited Grand Champion Skywatch and his son, the fabulous performer and breeding horse RWGC Castle Bravo (Sky Watch x Yorkshire Pudding by New Yorker).

Selected by Mitch as a two year old for his similarity to his great father, the 16.2-hand Castle Bravo's get are just beginning to make their appearances in the show ring and are demonstrating the genetic athleticism that is his, through his incomparable father. Among them is Castle Dream, 2003 WC ASHA KY Amateur Futurity Yearling.

Still worked every day, Castle Bravo is an extremely fertile horse with a 98% conception rate on first-shipment breedings.

Both fresh cooled and frozen semen are offered.

Veterinarian at Clark Stables is Dr. John Steiner of Hagyard-Davidson-McGee, Lexington, KY. His speciality is mares with breeding problems.

The Clarks bring decades of Saddlebred

experience to their endeavor and look forward to helping customers achieve their success in and out of the show ring.

To this purpose, they have developed a much-in-demand – and much-needed – colt evaluation program. In just 60 days and at a reasonable fee, prospects are broken to ride and given a chance to show their potential. Nothing interests the Clarks more than taking a horse from scratch to the show ring, so owners who desire the best for young horses may find that the time spent with the stables could be one of their best investments.
